

Kerry Smart

WORK EXPERIENCE

Web Developer, Freelance | Ottawa, ON

September 2020 — Present

- Developed custom websites for small businesses, tailored to their unique needs and budget, resulting in improved online presence and customer engagement.
- Provided expert consultation on SEO, copywriting, and web marketing strategy, ensuring website layout, content, and messaging were optimized for the client's target audience.
- Maintained ongoing communication and support with clients, providing timely updates, troubleshooting technical issues, and implementing requested changes to ensure customer satisfaction.

Community Outreach and Support, Embrace Autism | Remote

May 2023 — September 2025

- Provided thoughtful, empathetic responses to blog readers seeking guidance on autism diagnosis, test results, and next steps.
- Offered peer support to individuals questioning if they might be autistic, creating a welcoming, informative online environment.
- Conducted social media outreach in Facebook autism groups, answering questions and sharing helpful resources from Embrace Autism.
- Helped grow the organization's visibility and credibility through respectful, informed engagement with online communities.

Director of Operations, Kaizena | Remote

January 2019 — September 2020

- Led the production cycle for Kaizena's online feedback tools, from refining user feedback into straightforward, actionable tasks and specs to overseeing international development teams and coordinating documentation and marketing campaigns. Delivered multiple successful product releases resulting in increased user engagement and subscription sales.
- Oversaw Kaizena's remote teaching program by recruiting, training, and supervising teachers and support staff, tracking session demand, and collaborating with multiple teams to ensure lessons and teachers met evolving teaching requirements. Improved lesson and instruction quality, resulting in a 98% successful lesson rate and increased parent satisfaction.
- Managed and connected multiple remote teams across time zones, implementing communication systems and centralizing information storage for increased efficiency and productivity.

VOLUNTEERING

Out in Tech Digital Corps

June 2022

- Worked with a small team to develop a custom WordPress storefront for a non-profit organization, enabling incarcerated LGBTQ+ artists to raise funds for their legal defense.

Technical Support Lead and Recruiter, Kaizena | Remote

February 2017— January 2019

- Successfully recruited and onboarded over 100 American teachers for Kaizena's remote teaching platform, resulting in effective and highly qualified teaching staff and improved quality of lessons for students in China.
- Developed and delivered a comprehensive training program for new teachers, resulting in an increase in student engagement and academic performance.
- Oversaw technical support staff to maintain the high level of customer satisfaction I established, and continued other support activities to ensure clients had the support they needed, including webinars, responding to difficult inquiries, and support guide updates.

Technical Support, Kaizena | Remote

September 2015 — February 2017

- Single-handedly managed all technical support, providing expert assistance to customers across all products, ensuring fast and effective resolution of all support issues.
- Recognized for outstanding customer support: earned the recognition and gratitude of customers for delivering outstanding support and assistance, often receiving direct feedback that my support was a key reason they chose to use the software.
- Rewrote, expanded, and maintained user support guide, ensuring all help materials were clear, up-to-date, and thorough, resulting in improved customer self-service and reduced support requests.

Knitting Instructor, Shall We Knit? | Waterloo, ON

November 2012 — January 2019

- Expertly instructed new and inexperienced knitters with patience and attention to detail, achieving a 100% success rate and high levels of student satisfaction.
- Drove high student engagement and retention, with many returning for additional classes and some taking the same class multiple times to receive personalized instruction and assistance.
- Demonstrated versatility and adaptability in teaching style, expertly tailoring instruction to meet the unique needs of students with varying physical and mental abilities.
